

SeaMag™ - Plant & Marine Based Magnesium For Enhanced Absorbability and Function

Natural Balance® SeaMag™ contains 225mgs of elemental magnesium per Capsule. SeaMag magnesium is harvested in the cool, clean waters off the coast of Iceland. Red Algae and Seawater Marine Magnesium and Multi-Mineral Complex supplies bio-active magnesium, calcium, and 72 other trace minerals. Supported by scientific publications, SeaMag's Aquamin (Mg) has a unique matrix of trace minerals that work synergistically together to give a powerful boost to magnesium's bioactivity.

Magnesium is a vital mineral that plays a role in over 350 processes in the human body, including muscle function, heart function, bone development, vision health and more. Suitable for vegetarians/vegans and is Gluten free.

The SeaMag Difference:

- Red Algae & Seawater Derived
- From Cool, Clean, Pristine Arctic Iceland Waters
- 72 Trace Minerals
- 225 mg elemental Magnesium Per Capsule
- Vegetarian
- Vegan
- Gluten-Free
- Dietary Supplement
- Aquamin
- Holistically Balanced

Why SeaMag ? Plants vs Rocks -

- Plant based minerals differ elementally and structurally from mined minerals.
- Marine vegetation is richer in minerals than vegetation from the land.
- Plant based sea minerals' unique porous honeycombed vegetative cell structure gives it a number of significant benefits from its chemical behavior to its absorption.

- A unique trace mineral profile is gained from its marine source. The elements are at trace quantities within a multimineral matrix working synergistically to deliver a powerful boost to the action of Magnesium and calcium.

Suggested Use:

As a dietary supplement, take One capsules twice a day with food.

Other Ingredients: Capsule

Vegetable cellulose (capsule), microcrystalline cellulose, calcium silicate.
